

GICOLAG

A. Neumaier

Friday, October 13th 2006

- 14:00 **David Gay (Sandia National Labs)**
*The DAKOTA Project:
Large-scale Engineering Optimization and
Uncertainty Analysis*
- 15:00 **Christian Keil (TU Hamburg)**
Verified Linear Programing
- 16:00 Coffee break
- 16:30 **Arnold Neumaier (University Vienna)**
*Necessary and Sufficient Conditions for Global
Optimality*

All lectures take place at the ESI Schrödinger Lecture Hall!
